

**SENIORS AT THE NEW COMMUNITY CENTRE
IN PETER MCGILL DISTRICT**

**Thursday March 22, 2018, 3:15 pm to 4:15 pm
Room 110**

This presentation on the new community centre at Children's Square, Atwater and Tupper Streets, will be given by Architect Claire Adamson, President of the Shaughnessy Village Association. This new centre is not only for children but will reflect the needs of the community. It needs a new name. What may be included in the centre? What will be in the adjacent parks called Henri Dunant and Toe Blake? Come and find out what we know to date, and give your suggestions and opinions for the future of this centre.

There is no charge for this presentation.
